

BOSWORTH BUGGLE

ISSUE 185

JANUARY 2012

When Santa starts to harness his reindeer and the turkey is taken from its perch for its catastrophic end we know that it is time for you all to have a go at our Bugle Festive Quiz.

This is our thirteenth festive quiz and we cannot believe how time flies. Our compiler was particularly impressed by the fantastic response to last years Bugle quiz and has some shrewd new teasers which will hopefully fox you this year. All our entrants do very well, especially our lady winner last year who made a very dogged effort. Her only error was not to use all her box of crayons to do every part of the colouring.

Apart from the separate puzzles there is one point available for each of the the ten deliberate spelling mistakes and one point for identifying each of the Homeland States from which our American contributors hail. (Their names appear in brackets after their contribution).

We are hoping for a good response this year. So do not duck out and please badger your mothers, fathers and friends to let us have an entry. If it can be arranged, please feel free to put in a shared entry (even if you only win the booby prize).

Please send your entries to Ralph Horton at 18 Highcroft to arrive by the 15th of January.

We would be very grateful for your swift response by sending your completed answers as soon as possible if you can catch the post.

(This introduction contains the names of several types of creature. There is one point available for locating each one (including those duplicated) up to a maximum of 40. They are all consecutive letters and may span more than one word).
