

HEART BEAT

At the recent Parish Council meeting, members discussed the possibility of seeking information about the provision of a defibrillator for Husbands Bosworth.

Defibrillators are devices that are able to administer a controlled electric shock, which may re-start the heart of persons who have suffered a cardiac arrest. The key to the success of the procedure is to be able to administer the treatment as soon as possible, without waiting for paramedics to arrive.

The British Heart Foundation has been in the forefront of the campaign to install easy-access defibrillators and can help community groups that are wanting to raise funds and obtain grants. Grant aid provision usually involves a commitment from members of the community in the form of dedicated training of key operators, although recently introduced devices give clear spoken instructions and are easy to use by anyone.

If you are interested in helping to provide a defibrillator for Husbands Bosworth and would be willing to join a training group please speak to any Parish Councillor or contact the Parish Clerk on 880910 or email: jackiehbpc@btinternet.com

IN THE SAME VEIN...

Would you know what to do in a life-threatening emergency? Learning emergency life support skills could help you to keep someone alive until professional help arrives.

East Midlands Ambulance Service, together with the British Heart Foundation, offers a course that teaches people what to do in a life-threatening situation. Training is available for anyone over 18 years of age.

The programme includes:

- Assessing an unconscious patient
- Performing cardio-pulmonary resuscitation (CPR)
- Dealing with choking
- Dealing with bleeding

CPR in an emergency may 'buy' enough time for professional help to arrive and save a life. A two-hour training session provides the opportunity to learn and practice these skills and participants will receive an official certificate of competence on completion. The course is free of charge but a donation to the East Midlands Ambulance Service would be greatly appreciated.

If you would like to take part please contact Pam Scott 880862 or Bob Hutchings 880131 and register your interest. The course will be during September between 7.00pm and 9.00pm in the Church Hall, Honeypot Lane. They will contact you with a date and time.

ACTIVITY GROUPS

Although we don't seem to have had much of a summer this year the calendar tells us that we are now into the 'season of mellow fruitfulness' and activity groups will be starting their winter programmes.

If you run a local activity or interest group send us your winter programme and we'll endeavour to promote you to our readers.

SMILE...

The eagle-eyed will have noted the recent appearance of a traffic monitoring camera on Welford Road. We are led to believe that this has an Automatic Number Plate Recognition facility to track suspect vehicles entering the county.

HOME GUARD

Residents of Church Lane have voiced their concerns regarding the proposed development of the Languard site, off Church Lane. Detailed plans for the erection of three 2½ storey homes on the site have recently been filed with Harborough planners. Objections to the proposals from residents have focused on the possibility that the site may be contaminated by equipment washings from chemicals handled on the site over the past 30 years and are calling for a full environmental assessment and contamination survey. Concerns have also been raised about the overall height and style of the proposed dwellings within the Conservation Area.

POSTBAG

From Andy & Kath Rhoades

I learnt at an early stage in my Christian journey that listening to God was important and that he knows best, despite what I may be wondering at the time. The stories of Paul's journeys in the Book of Acts and in his letters published in the Bible are full of the Holy Spirit prompting Paul and others in their ministry and so God works today if we listen. That prompting from God came to me early this year and I knew that I was being called away from the Hexagon Benefice, at the end of my three years of Curacy, to an urban or town ministry. In June I was appointed as Priest-in-Charge of St David's, Broom Leys, Coalville. Kath and I are excited and at peace with this call.

We have had some real blessings during our time with you and we will remember with great affection the fun times in the school and the delight of the children, the wonderful school services, the times of joy and sorrow that we have shared at meaningful parts of people's lives as Christ has been close, the chats in Brook House, the services that impact our lives especially at Christmas, Easter and Remembrance and the love, support and friendship that has been given to us whilst we have been here.

A big thank you to all who have welcomed and supported us, especially the wonderful people at All Saints Church who have become our friends in Christ and we have been so grateful for all the help from the Churchwardens, Treasurer, Secretary and PCC members. We are so pleased that Reverend Canon Brian Davis will be leading the Hexagon Churches whilst a new Rector is found and appointed and we know that the village will make him welcome. With our blessings, Andy & Kath.

During the recent spell of warm weather Northamptonshire Police have been patrolling residential areas and posting leaflets through doors where they have found insecure windows. The leaflet warns that if the police have seen a vulnerable property then so could an opportunist thief.

WATCH WORD

THE NEIGHBOURHOOD WATCH SCHEME WITHIN HUSBANDS BOSWORTH

- Report of a break-in at a home in Cotesbach whilst the householders were on holiday
- A significant number of thefts of valuables from parked vehicles have been reported in and around Lutterworth in recent weeks. Don't help the thieves - remove valuables from vehicles parked up overnight and try to park in well-lit areas. Report suspicious activity, especially during the hours of darkness
- Catalytic convertor thefts DO happen in Bosworth - keep an eye out for anything suspicious

The village's Millennium Wood community woodland, on Mill Lane, has been the focus of attention for scrap metal thieves in recent weeks. Gate fittings, a wheel barrow, spade and even the metal liner for the waste bin have all been stolen from the site.

There is now little of interest to metal thieves left on the site but the Trustees would urge villagers visiting the wood to take note of any suspicious activity.

Travellers heading towards Lutterworth today would scarcely recognise this scene. The LNWR line from Rugby to Stamford opened in 1850 as Market Harborough's first railway link. The line closed in 1968, a victim of Dr. Beeching's economic scalpel. The station and goods yard site today is occupied by Vicary Plant Spares and all trace of the level crossing has gone.

PARISH COUNCIL NEWS

Report of the Parish Council Meeting held on Tuesday, August 7th 2012.

Full Council and County Councillor Graham Hart were present.

Visitors' Questions

•PCSO Ray Wells briefed Council on recent local crime. Two incidents of catalytic converter theft had occurred in the village. An attempted theft of copper from a property on Welford Road had been thwarted by the householder and the culprits apprehended following the receipt of information from a neighbour about a suspect vehicle. PCSO Wells urged villagers to become 'nosey neighbours' to help combat this type of crime.

•Representatives of a group wishing to start up a parents' and toddlers' group in the Village Hall outlined their proposals and sought initial funding to get the scheme off the ground. Council agreed to make a grant to cover the cost of purchasing new equipment to get the group started.

•Residents of Church Lane addressed the meeting with their concerns regarding the proposed development on the Languard site. Concerns were raised about the height of the buildings and the limited amount of on-site car parking. Council agreed to carry these concerns over into their submissions to Harborough planners.

•County Councillor Hart discussed County proposals to back schools that were seeking to move to 'academy status'.

Minutes of the previous meeting were read and approved.

Matters Arising

•Mrs. Hobson gave a report on the recent LCC Broadband survey responses. The full survey report was now available to view on the Leicestershire County Council website. Mrs. Hobson had been assured that the project was now being discussed with the service providers with a view to allocating the County funding appropriately.

•Council noted that Councillor Smith had been reinstated onto the LCC Highways Forum.

Cemetery

Members had met at the cemetery before the meeting.

•Council noted recent damage to gravestones. It was agreed to call a site visit with the contractors to discuss this and other matters of concern.

•It was agreed to plant a number of insect-attracting shrubs along the dividing wall. A request to install a bench in the cemetery extension was approved, subject to the provision of more detail.

•Council noted the general deterioration of the Chapel of Rest. It was agreed to arrange for a condition survey and costing to be carried out.

Playing Field & Play Area

•Some minor maintenance work was noted on skatepark equipment. Awaiting the annual RoSPA report before carrying out repairs.

Allotments

•Council noted that scrap asbestos sheeting had been brought onto the site and discarded. Clerk to enquire into the cost and appropriate action for disposal.

Traffic Issues

•Council noted that a Traffic Monitoring Camera had recently been installed on the Welford Road entrance to the village.

Bosworth Festival

•Clerk distributed the Accounts of the Bosworth Festival 2012. All agreed that the day was very successful and enjoyable. Almost £2,000 had been distributed to local charities and good causes.

Planning & Correspondence

•A copy of the Northants. Core Strategy Document (Amendments) had been received. No reference to minerals extraction or waste disposal at Welford was noted.

•Plans had been submitted for the proposed Rural Exception Site on Welford Road. These were circulated and discussed.

Any other business

•Concerns were raised that the water main leak on Leicester Road had taken more than 5 weeks to repair.

•It was noted that due to cost-cutting measures roadside verge cutting was focused at road junctions and corners. Cutting on rural stretches was likely to be only undertaken once or twice per season.

The next meeting of the Parish Council will be on Tuesday, September 4th at 7.45pm in the Committee Room of the Village Hall. Members will meet at The Green at 7.00pm.
