

WELFORD AT 50

Over thirty pleasure craft, historic and trading boats, local craft and charity stalls and even a pop-up museum helped hoards of visitors to celebrate the fifty years since 1969, when the Old Union Canals Society and British Waterways reopened the canal arm.

The arm had languished, lost and fore lorn, for over 20 years before the dedicated team breathed life back into it, saving the navigation and reviving the fortunes of wharf area. Our open weekend at the wharf and the festival was a fitting celebration to the dedication and foresight of the volunteers who pushed for the resurrection of an important local facility.

Being in Husbands Bosworth Parish, our parish council has also recently funded a bench, which has been installed alongside Welford Lock to mark the anniversary. Take a walk to the lock and see this outpost of Husbands Bosworth Parish...

Meanwhile the work to upgrade and restore the towpath between Husbands Bosworth tunnel and Honeypot Bridge, and along towards Theddingworth has recently been nominated for a Canal and River Trust award.

The work, which has been carried out by the local canal 'banks men' team led by Mike Dalzell, was nominated for the innovative solutions that the team has had to devise whilst working in the Grand Union Canal linear conservation area.

The team have also had to work with the particular geological, environmental and ecological constraints of the site. The team impressed the CRT hierarchy with the way they solved the varied problems whilst maintaining the habitats for the water voles and other wildlife found in the area.

HOME RUN

After a long 'stand-off', whilst nothing appeared to be happening on the site, work finally seems to have started on the former County Council land, adjacent to the cemetery on Welford Road.

Earmarked by Northants-based developer, Bowbridge Homes, for 32 homes, planning permission was granted in July 2016. Within the approved plans, the developer has agreed to provide 12 'affordable' shared ownership homes and homes for rent, and include a scheme of traffic calming and an extension of the 30mph speed limit.

An archaeological assessment carried out by the Museum of London Archaeology (MOLA) team in the spring of 2018, found nothing of any great significance in a series of geophysical surveys and spot trenching within the site. Since then little has happened at the site.

A CUNNING PLAN?

Our Neighbourhood Plan is set to pass its last stage at parish level and will shortly be presented to Harborough District Council, as the Local Planning Authority (LPA), for their scrutiny.

The LPA will check the validity and workability of our Plan and make sure that all the necessary processes have been carried out and ensure that it complies with their own Local Plan and general planning policies.

After a statutory 6-week consultation period any comments and all documentation will be passed to an independent examiner for final amendment and approval before the Plan returns to the Parish Council for formal acceptance.

A parish referendum will then be called, which will decide, by a simple majority, if the Plan is adopted.

BUGLE POSTBAG

From Patricia Hobson, Parish Council Chair

The local elections for both District and Parish Councils took place on 2 May, with Bosworth fielding three candidates for our Parish Council's new 4-year term. Those standing, who were elected unopposed, are: Patricia Hobson (Chair), Bill Fletcher (Deputy Chair) and Melvyn Forman (Councillor). Sue Fisher and James Shelley have now retired, and we thank them for their service.

As our Parish is allowed up to 6 Councillors, the Council has decided to co-opt up to three additional councillors to ensure a good spread of ideas, opinions and expertise in its decision-making. A flyer has already been circulated inviting interest but, if you are still pondering, the Council may still be able to consider your application. No special qualifications are needed - just an interest in representing the needs and concerns of the Parish.

Our Parish Council has many roles: managing the cemetery, the allotments, the play area, the sports pavilion, liaising with District and County Councils on planning applications and community issues, grant support for local organisations and making a Neighbourhood Plan, amongst other things. Further information on what Parish Councils do, and what being a Parish Councillor involves, is available on our website: [husbandsbosworthpc.org.uk/About the Council/Becoming a Parish Councillor](http://husbandsbosworthpc.org.uk/About%20the%20Council/Becoming%20a%20Parish%20Councillor).

If you feel that you can contribute to the future of our community, please e-mail for more information to: clerk@husbandsbosworthpc.org.uk; visit the Parish Office at 2a Mowsley Road or phone 881109.

From Mike Scott, Hunters Close

You may have seen me running and cycling around the area. From June 23rd-30th, I will be undertaking the 7-day 'Monster' Triathlon, starting with a 5km swim in Loch Ness, a 1000km bike ride to London and finishing with a 50km run following the river Thames to Richmond. Donations to Sabre Education can be made directly to: Mike Scott, 15 Hunters Close or via <https://uk.virginmoneygiving.com/ScottShiels>

BOSWORTH IN FOCUS

A TASTE OF BOSWORTH

Dark Chocolate Ice Cream

A rich indulgent treat to serve as the summer nights extend and can be served straight from the freezer. Note this ice cream does not form any ice crystals and needs no stirring while freezing

Serves 6

Ingredients

50g caster sugar

4 tablespoons water

175g plain chocolate

3 egg yolks

300ml double cream

Method

Firstly line a 1lb loaf tin with cling film.

Place the sugar and water in a pan and stir over a low heat until the sugar has dissolved. Bring to the boil, then lower the heat and simmer for 2 - 3 minutes. Meanwhile, break the chocolate into small pieces and place into a bowl. Pour the hot sugar syrup onto the chocolate and stir until well blended and the chocolate is smooth. Quickly add the egg yolks and beat until well blended into the chocolate mixture.

Whip the cream until soft peaks form. Gently fold into the chocolate mixture. Pour into the loaf tin and freeze uncovered for several hours until firm. Turn out and serve in slices with fresh raspberries and single cream.

WILD ABOUT BOSWORTH

Muntjac Deer - *Muntiacus reevesi*

The Muntjac gets its Latin name from the Sudanese 'mencek,' which means 'small deer,' and from John Russell Reeves. Reeves was a plant collector and naturalist who was employed as a tea inspector by the East India Company. Working in south-eastern China during the 19th Century, he spent his spare time collecting specimens and shipping them back to London.

Photo by Nilfanion

In 1894 he released muntjac deer in Woburn Park, Bedfordshire and it wasn't long before they escaped and began colonising our countryside. Physiologically, they're about the size of a medium-sized dog. Their haunches are larger than their withers; giving them a tail-heavy look. Surprisingly, the males' call resembles the bark of a dog; albeit a dog with a sore throat! Indeed, another name for muntjac is the barking deer. Females and juveniles vocalise using squeaks and squeals.

They live solitary lives and are most active during dawn and dusk; spending the daylight hours lying up and ruminating in some quiet corner. There's one that frequently snoozes the day away in our Millennium Wood. Unhappily, most people only ever see these creatures as sad little bundles by the side of the road. For some reason, muntjac appear ignorant of the dangers of road traffic.

Males sport short, unbranched antlers which they shed around May or June and regrow during the summer. They also have scent glands on their face, which they use to mark their territories. And curiously, for herbivorous creatures, they sport long canine teeth.

Their preferred habitats are forests with a diverse flora where they feed on shrubs and herbs. They're rather fond of bramble and raspberry plants. For good reason, they are shy creatures, as there is no closed season on muntjac hunting!

SCHOOL REPORT

HUSBANDS BOSWORTH C. of E. PRIMARY SCHOOL Head Teacher Alan Eathorne

We are now in the Summer Term and are looking forward to further exciting learning opportunities across the school. Class 1 are learning about space, Class 2 are exploring how plants grow, Class 3 are finding out about life in Roman times and Class 4 are learning more about the impact nature has on our lives. It is also the term where we have a number of whole school events such as sports day and our whole school trip to Wicksteed Park. I wanted to share with you some writing from Class 3. They have been writing diary entries linked to their Roman topic.

'At midnight we were attacked by the Romans. The rumbling of scary feet were coming towards us. A bird squawked to warn us... My brother was fooled along with my three cousins. We were put in shackles and sent to the Roman prison.' Joel

'Today was the worst day of my life... The Romans showed no mercy or fear in their eyes, but we showed fear. They were an incredible sight; strong, fierce and rapidly slashing their swords.' Hugh

FOBS NEWS

FOBS will shortly be sending out clothing collection bags to fill with any items of clothing that you would normally put in a charity bag.

Please start putting stuff aside in preparation for our Bags2School fundraising project. Let's recycle our old clothes and help raise money for FOBS. The bags will be collected towards the end of June so you've got plenty of time to have a clear out.

BYGONE BOSWORTH

Images from the Historical Society's Archive Collection

In our front-page article about the recent Welford 50 celebration of the anniversary of the re-opening of the Welford Arm, we note how close to being abandoned the canal was. In this picture, courtesy of Welford & Sulby Historical Society's collection, we can see exactly how seriously close closure was. Commercial carrying to Welford Wharf effectively ceased in about 1947, when the last trader from the wharf, coal-merchant Mary Gilbert, finally hung up her coal shovel. With no passing traffic the waterway soon silted up and the lock fell into disrepair and became impassable.

In the mid 1960s the fledgling Old Unions Canal Society, with local Inland Waterways Association members, keen to promote the new leisure boating activities and eager to get their teeth into a practical conservation project, undertook to try to rescue the arm. They eventually succeeded in persuading British Waterways Board, the navigation authority, into removing the threat of abandonment and undertaking to dredge over 10,000 tons of silt and weed from the 1¼ mile navigation; the Society committing themselves to reinstating the infrastructure and clearing the towing path. Welford was the first major project where a volunteer group and, an albeit reluctant British Waterways, worked together in the restoration of a threatened navigation, paving the way for the saving of many miles of moribund waterways.

As we now know, the scheme was ultimately successful, and in May 1969 the canal to Welford was reopened to similar pomp and ceremony to our recent festivities... and the rest is history, as they say!

Report of the Parish Council Meeting held on Tuesday, May 7th 2019.

Present Full Council and three members of the public.

Visitors' Questions

■ A resident brought to Council's attention concerns relating to the recent planning permission granted for conversion to a dwelling of farm buildings adjacent to the Gliding Centre and proposed access across the 'live' runway. Council noted that the application had been approved but that an appeal had been lodged by the Gliding Club. The resident was advised that as the application had been granted, Council had no further influence and that the matter would be assessed by the planning inspector.

Minutes

■ The Minutes of the previous meeting were approved and signed as correct.

Matters Arising

■ Mr Forman informed Council that during a site meeting with a LCC Highways officer the matter of the No Through Road sign that had been erected at the Bell Lane/Green Lane junction was discussed. It was agreed that the sign was inappropriate as the road remained a through route and that a Road Narrows or width restriction sign would be more appropriate. It was noted that another delivery van had got 'stuck' in Green Lane, since the sign had been erected.

■ Clerk noted that the damaged kerb opposite Brook House had been repaired.

Council Co-option Process

■ As there were only three members on the new Council it was agreed to seek interest within the community for co-opted members. The vacancies would be advertised locally. (Full Council is 6 members.)

Saturday Surgeries

■ Saturday morning Council surgeries would continue on the third Saturday of each month.

Dag Lane Barriers

■ Mr Forman had met with LCC Highways officer and it was agreed to reduce the length of one of the barriers to enable mobility scooters and pushchairs easier access.

Date and time of next meeting

The next meeting will be on Tuesday, June 4th 2019 at 7.30pm in the Committee Room, Village Hall. PLEASE NOTE: THERE WILL BE NO MEETING IN JULY

CHURCH NEWS

All Saints Parish Church, Methodist Chapel & St. Mary's Roman Catholic Church

FROM THE RECTORY

This following notice was found in Grimsby Minster and published on Facebook - I must say I agree with it wholeheartedly. The sound of children in church brings us life and hope, joy and lots of fun.

To Those Who Bring Small Children to Church:

There you are at church. Your baby or toddler is restless; perhaps even a little boisterous. You try to silence them, and nothing. You try to pacify them with food or toys, and nothing. Eventually, you resort to the last thing you wanted to do: you pick them up, and before a watching audience, you make the march out of the church. All the while you're a little embarrassed, maybe a little frustrated too. You might even think to yourself, "There's no point in coming to church. I get nothing out of it because I have to constantly care for my kid."

I want you - mothers and/or fathers - to know just how encouraging you are to so many. The elderly woman who often feels alone beams with a smile at the sight of you wrestling with your little one. She's been there before. She knows how hard it can be, but she smiles because to hear that brings back precious memories. Seeing young parents and their small children brighten her day; she may have just received bad news about her health but seeing the vitality of young ones removes - if but for a moment - her fears.

The older man who always seems to be grouchy notices you too. He's always talking about how children in this day have no respect or sense of goodness. But he sees you - a young family - in church every week. Like clockwork, he can depend on the sight of you and your young family. You give him hope that maybe the Church isn't doomed after all, because there are still young parents who love God enough to bring their restless children to church. Bring your children to church! If we don't hear crying, the church is dying. As hard as it might be for you as a parent who's half-asleep, keep on doing what you're doing. You are an encouragement, and you're starting off your children's lives as you should... [Author unknown].

So do bring your children to church when you can and relax! God put the wiggle in children - don't feel you have to suppress it. It is their church too and they are welcome. Remember our Family Service is on the fourth Sunday of each month at 4.30pm, but you are welcome at Holy Communion on the second Sunday at 11.00am too, or at any of the services in the benefice.

METHODIST CHURCH IN BOSWORTH

The Methodist Chapel on Welford Road closed its doors recently, most probably for the last time, after over 100 years of worship.

Methodist ministry continues, church life closes one door and opens another... Husbands Bosworth worshippers are welcomed into the, still lively, Harborough Methodist Circuit.

The future of the building and site is limited and church elders are now considering a number of options to put before the Church Council. A case of: Watch this Space...
