

BLISTERING BOSFEST

Bosworth Festival goes from strength to strength helped of course, again this year, by the scorching weather on the day. Another year when our Saturday was bracketed between two inclement Saturdays!

Unsurprisingly, a fine Saturday after a prolonged period of miserable weather prompted more people to venture forth, and attendance and gate takings were up £2,000 on last year, which was itself a record year. The event is firmly established on the events calendar - certainly a 'must-do' meeting for VW Camper owners - with many exhibitors and visitors cheerily 'booking' themselves in for next year's event as they left!

Over the 12 years that the Festival has had the use of Bosworth Hall grounds we have raised over £70,000 for our 'headline' charities and local good causes. Of course, the event doesn't just happen... A lot of work goes off behind the scenes and considerable costs to set up and administer the event, overseen by the Parish Council and the Festival organising team, are incurred. However, this year we still expect to have around £8,000 surplus to share between a wide range of village groups and local charities. So, many thanks to sponsors, donors, exhibitors, traders and stall-holders, performers, organisers... and visitors! A Grand Time was had by all...

DELIVEROOO...

The *Bugle* is looking for a deliverer, or deliverers, to deliver the newsletter to homes on Marsh Drive and Townend Close. All it involves is about half an hour of time and a little leg-work, around the first of each month, to put the 40 or so issues of the *Bugle* through the doors.

We would also be interested to hear from anyone with a skill or interest that they would like to share with the community, either as a contributor or in the newsletter production. Here at *Bugle* HQ we are particularly proud of our textual accuracy and grammatical skills and would be particularly pleased to hear from prospective proof-readers. If you are interested please call Melvyn on 880281 for a chat!

WELFORD 51!

Another recent event, which was deemed a success and fired enthusiasm, was the celebration at Welford Wharf to mark the 50th anniversary of the re-opening of the Welford arm of the Grand Union Canal in 1969.

The organising team were so buoyed up by the success of the event that they are setting up a Friends of the Welford Arm action group to oversee the on-going maintenance and well-being of the canal-side at the wharf and intend to run a similar event next May.

The group is organising regular work party days to keep the area around the limekilns, the wharf and lock-side in shape and will be looking for volunteers. If you would like get involved or would like more information please contact Matthew on: harris.matthew02@googlemail.com

MEMORIAL ROSES

Last month we showed you a nice picture of the recently placed plaque dedicating the new memorial rose bed alongside the War Memorial, commemorating the 14 men of the village who fell in the Great War. Last month the roses had been freshly planted and, to be honest, a bit featureless pictorially, which is why we only showed the plaque. However, recently they have bloomed and make such a fine display that we felt we ought to draw your attention to them!

As you can see in the photo taken by Anthony Constable-Maxwell, the red is particularly vibrant and, depending on your view, can either represent the blood shed in the war or the hope that those who fell left as their legacy.

CHARITY CHOP

Little Tia Ascough had a pony-tail chop at Bosworth Festival, raising over £770 for *Children with Cancer UK*. We hear that Tia sent her pony-tail off to *The Little Princess Trust*, who make wigs from real hair for cancer patients.

Tia wants to say a very big thank-you to everyone who donated and supported her cut for cancer. There is still time to donate. Please go to: <https://www.justgiving.com/fundraising/Tia-Ascough>

BUGLE POSTBAG

From Heather O'Connor, Millennium Woodland Trust

I would like to say a big thank you to everyone who donated bottles to the Woodland stall and those who had a go on the stall at the Festival. We raised £270 in total, which will go towards maintenance in the Millennium wood.

From Marc Rowley, Action for Children

I would like to give a huge thank you to everyone who supported the 90s fancy dress disco, in aid of charity, in June. The fancy-dress outfits were amazing (even a couple of 90 year olds were seen dancing!) and as ever the dancing surpassed all expectations. Special thanks also to everyone who couldn't attend but still donated.

Village events bring communities together, and this year's event proved this by bringing together a diverse range of party people, in one location, intent on raising lots of money and having a brilliant night out. The evening was a fantastic success, raising just over £1,200 for *Action for Children*, and the support given by local businesses, as well as a dedicated team of volunteers, was, as ever, amazing.

Big thanks go to Fishers of Wigston, Springfields, Ascough's Bistro, Christian West (generous donation of Langton Brewery beer barrel) as well as DJ Jason and his trusty sidekick Paul who also provided their services for free.

The generous volunteers who gave up their spare time to make it all happen were Penny Arscott, Michelle Bennett, Paul Griffin, Sam Bell, Wendy Cochrane, Hayley & Matt Fisher, Gayle Rowley and Kerry Womack.

Watch this space as we prepare to create another local event full of fun, fund raising and fantastic dancing for next year.... You've got to be in it, to enjoy it!

From Mike & Sylvia Price, Highcroft

It is with great pleasure that we can report that the Price family successfully completed the re-run of the 3 peaks challenge. After being thwarted by Storm Miguel 6 weeks ago, we managed to complete the 3 mountains in a time of 23 hours 5 minutes! (There's still time to donate to our charities; please call Sylvia on 880902 for details)

POLICE FILE

PCSO Steve Adams has recently joined the local policing team at Lutterworth. Steve has worked in several areas over the years and will be a real asset to the area. Let Steve introduce himself...

'A little about me. I have been with the Police Force since 2001, where I started my career as a Traffic Warden. When they finally disbanded the Wardens I followed on to become a PCSO. I have covered, at some point in time, all the beats in the Market Harborough area, although mainly in Broughton Astley and Lutterworth. This has given me a wide experience of some of the differing issues that present themselves across the area. I am now back at Lutterworth and look forward to working with you all.'

There has been one theft and one burglary reported locally recently in the Bosworth area. We will continue to patrol and respond to your calls, but it is team work that makes the difference. Keep alert to suspicious incidents and make sure that you lock up and close windows. Criminals will be looking for the opportunities that we present, but will always go for the easy options.

You can sign up to regular Neighbourhood Link updates at: www.neighbourhoodlink.co.uk.

Northamptonshire Police are urging rural communities to report any suspicious activity following numerous incidents recently where sheep have been killed and professionally butchered in the field. Incidents have been reported near Crick, West Haddon, Whilton, Kelmarsh, Clipston and Moulton and over 70 animals have been involved.

Police are urging people who live and work in rural locations to report anything suspicious they see. Call 999 if something suspicious is occurring and quote 'Operation Hillman'.

WILD ABOUT BOSWORTH

Wood Pigeon - *Columba Palumbus*

Wood pigeons are a common sight in our village. Despite there being no closed season on pigeon shooting, they're one of the few birds in Britain that are thriving, with a current population of more than ten million. Doubtless their proliferation is due in part to the increase in oilseed rape farming, which is a favoured winter food. Indeed, they cause millions of pounds worth of damage to all manner of crops every year.

The females invariably lay a clutch of two eggs in the flimsiest collection of twigs, that passes for a nest. They can however, lay multiple clutches per year. It takes around seventeen days for the eggs to hatch. With both parents feeding the squabs they grow quickly on a diet of nutritious 'crop milk', fledging thirty days or so after hatching. Most youngsters die within their first year, but one ringed 'oldie' died at the grand old age of sixteen.

They are almost exclusively vegetarian: small leaves, young shoots and seeds are dietary mainstays. Though they are not averse to an occasional protein snack such as a worm or grub. Later in the year they feed on pine nuts, berries, acorns and plant buds. In winter, they frequently fill their crops to capacity and digest the food overnight.

They're gregarious creatures and outside the breeding season gather in large flocks. To proclaim their presence, like many birds, they select a lofty vantage point to make the coo-cooing noise we're familiar with.

Around the seventeenth century, and even up to the early 1900s, pigeons were used as medicinal remedies. Sadly, for the pigeon, the treatment often required its demise. Typically, the bird would be plucked, and its naked skin pressed against the bothersome part of patient's body!

BYGONE BOSWORTH

Images from the Historical Society's Archive Collection

We're indebted once again to former villager, Michael Salter for sending this picture, which shows a couple of his village mates, David Lambert and Roger Parrish, larking around on the disused RAF Husbands Bosworth site in about 1960.

The old aerodrome was a favourite playground for village kids and we have pictures in the Archive Collection of village boys racing motorbikes around the old bomb storage area. In the background of our picture is one of the redundant hangars. The aerodrome had four main hangars; all of which were of the Ministry of War Type T2, which were modular and lightweight in design and reckoned to be 'transportable' if the need to relocate them arose.

The latticework construction inside the hangar made an excellent climbing frame and Michael tells us that he and his friends would clamber up the side frames and across the roof trusses, although for himself discretion overcame valour when faced with the hard concrete 40 feet below! However, some did manage the perilous passage across the span of the building, gaining themselves valuable bragging rights. Like much wartime architecture, the hangars were built as temporary structures. However, a surprising number still exist and are in use on airfields around the country.

After the war, the hangars at Husbands Bosworth were used for the storage of military surplus, with over 5,000 tons of ground equipment, spares and tools concentrated here for disposal. It was reported that one hangar was full of obsolete RAF stationery!

With the final closure of the storage facility and the return to agriculture of the land in October 1960, the hangars were finally disposed of by tender and removed from the site. Interestingly the successful bidder for the Bosworth hangars was the Vickers-Armstrong Aircraft Company, which had built most of the aircraft that had flown from the aerodrome.

CHURCH NEWS

All Saints Parish Church, Methodist Chapel & St. Mary's Roman Catholic Church

FROM THE RECTORY

Do you find it hard to formulate the words for a prayer? You want to say something to God but you are not sure how to phrase it? I recently came across a song I had not seen before in the Methodist hymn book 'Singing the Faith'. It is by a lady called Joy Webb, who was born in 1932 and its called Hard to Make a Prayer. Here are the words:

I should like to speak to you, for I know you're there!

Every time I try, I find it hard to make a prayer.

Could you see what I'm thinking and know that it's a prayer?

Could you look into my heart and find you're welcome there?

Could I bring you all my hopes and dreams, my moments of despair?

Could you take what I'm thinking and find that it's a prayer? A prayer!

Words are only part of praying. There is a saying which echoes this thought - 'Pray at all times, use words when necessary'. God knows the thoughts of our hearts and he knows our intentions. He also knows our attitude of heart, whether we are welcoming to him or not, whether we want to please him or not, whether we are sorry when we get things wrong - he knows!

So the answer to Joy's song is a resounding YES. God can see what we are thinking and what we intend as a prayer or not. And those thoughts we send in his direction, the times when we are aware of his presence but find no words to say then that is prayer, silent prayer - sometimes we might formulate words in our minds, but sometimes we can't, just spending time with him is prayer. And there are no right or wrong words for prayer - when we use words then say it how it is, God knows what we are thinking anyway, so there's no place for pretence in prayer. Words help us to pray together, but much individual prayer is done in silence.

If you would like the stillness of church for times of silent prayer, we plan to open the church on Mondays from the beginning of September onwards, from 12.00noon to 1.00pm precisely for that, for silent prayer in a sacred place. Do feel free to pop in for whatever time you can spare.

Hoping you have a good summer, with time for reflection and stillness and prayer. *Liz*
