

## JUBILEE JOY

**A**rrangements are coming together for the village's celebration of the Queen's Platinum Jubilee weekend in June.

On Thursday, June 2<sup>nd</sup> the village is invited to gather at the Sports Pavilion, when the Parish Council will be hosting the Big Village BBQ from 8.30pm, serving free hot-dogs and soft drinks.

The village beacon, on the Playing Field, will be lit at 9.45pm, in a coordinated programme with the National Beacon Lighting Ceremony, when beacons across the country, from the Isles of Scilly to Shetland will be lit simultaneously. Other events during the day will have been staged throughout the Commonwealth countries.

On Sunday, June 5<sup>th</sup> there will be a Family Treasure Hunt around the village from 10.00am onwards, starting from the Sports Pavilion. The Big Jubilee Lunch will follow from 1.00pm on the Playing Field. Trestle tables will be provided but you are asked to bring your own food, drinks and chairs.

Car parking will be limited, so please walk up to the field if possible. Teas, coffees and soft drinks will be available from the pavilion servery during the afternoon, where there will also be an exhibition of local art and craft work. There will also be information from the various village activity and interest groups on display.

For details contact the Parish Clerk on 881109 or email: [clerk@husbandsbosworthpc.org.uk](mailto:clerk@husbandsbosworthpc.org.uk)

### FLOWER FESTIVAL AND VILLAGE TRAIL

All Saints Church is joining in the fun for the Jubilee with a Flower Festival in church on Saturday, May 28<sup>th</sup> and Sunday 29<sup>th</sup>, 2.00pm to 6.00pm

Anyone who would like to do a floral display in the parish church, no matter how small, is invited to contact Di Jones, as soon as possible (*details below*). If you have any memorabilia of the Queen's Coronation in 1953 or any jubilee or coronation memorabilia, you could incorporate this into your display, or just add a note of what you remember of the Coronation or Jubilees. It would be of interest to many people, and a trip down Memory Lane for others... Tea, coffees and delicious cakes will be served in the church servery each day.

#### Village Trail

All Saints will also be hosting a different angle on their popular festive Village Trail over this weekend. Villagers and businesses are invited to decorate their windows or frontages in a jubilee or patriotic theme to form a trail around the village. It is hoped that these displays will remain to brighten the village for the following Jubilee Weekend.

The Village Trail will be like the Christmas Trail where a map is collected from the starting point at All Saints Church and votes can be cast for prizes for the most popular display. Entry forms in this month's *Bugle*.

As always, volunteers for stewarding, providing cakes, etc. and help on the refreshments would be very welcome.

On Saturday, May 28<sup>th</sup> Rev. Andy Rhoades will conduct a special service at 2.30pm to dedicate the new memorial plaque in the Garden of Remembrance. Everyone welcome.

## BUGLE POSTBAG

*From Marc Rowley, Cherry Tree Close*

We finally did it, two years in the making, due to many obstacles, and the *Action for Children*, Midlands Fund raising live music event, with follow on disco, finally went ahead in March at Husbands Bosworth Village Hall. The night was an absolute success and we raised £1200, which will go directly to *Action for Children*. Eighty-four people attended (some even wearing fancy dress) and it was great to see the Village Hall come alive again.

Massive thanks goes out to two lots of entertainers for the evening:

1. Live band *Deja Vu* who performed hits songs from the 40s through to the 00s for two whole hours - amazing set and excellent performers. They made the night come alive.
2. *Radio Heads Roadshow* (Steve Watts and Nigel Robert Noone) stepped in to save the day with only two weeks notice! They kept the dance floor full from 10pm until the early hours of Sunday morning. Banging tunes and excellent reading of the crowd. Loved it. This event couldn't happen without the help of some key people:

**Sponsors:** *FT Developments Bosworth Ltd - Matt Fisher, Eclectic at Lodge Farm, Luxury Lavatories, Emerson and Wests, Michael Fisher, Tony Fisher, LanGuard Ltd Lodge Farm Reclamation*

**People:** *Penny Arscott, Hayley Fisher, Matt Fisher, Wendy Greek, Paul Griffiths, Michelle Bennett, Kerry Jane, Gayle Louise and Samantha Bell*

This could not of happened without their personal time and efforts - love them all.

Thank you to everyone who attended and contributed to helping support an organisation that helps children far less fortunate then our own. Many thanks.

### DOG FOULING

Dog walkers are reminded that not picking up after your pet in public areas is an offence under The Dogs (Fouling of Land) Act 1996, subject to a fine of up to £1,000.

Recently there has been a spate of incidents on public 'green' areas within the village, which, whilst obviously being an inconvenience for the mowing contractor, is also a hazard to children playing. Harborough Dog Warden has been informed and will be patrolling the village and monitoring the situation over the next few weeks.

*The community belongs to all of us, for all of us to enjoy - so please be a responsible pet-owner and clean up after your pet.*

### WASTE NOT...

It's not too late to sign up to have garden waste collected every fortnight. Garden waste collections run every fortnight, on the same day as the blue bin collection, during the spring, summer and autumn months. The green bin can be used for loose green waste, grass cuttings, leaves, flowers, weeds, clippings, twigs, small branches without the need for residents to take these items to the tip. Subscription charge is £55 per year per bin.

Allowing wildflowers to flower in your lawn will attract all kinds of hungry pollinators to your garden.

### Things to do in the garden in May

#### Vegetables

- Plant out squashes, courgettes and pumpkins that have been grown under cover
- Pinch out the growing tips of broad beans to help prevent blackfly outbreaks
- Give support to peas and beans before they really need it, to help to develop strong plants
- Keep sowing successional salad seeds
- Start earthing up potatoes to exclude light from the growing stems

#### Flowers

- Tie in climbing and rambling roses; horizontal stems produce more flowers
- Control rose aphids by squashing them or making up a solution of 1 teaspoon of washing liquid with 3 litres of water to spray on them
- Allow your spring bulb foliage to die back naturally and give them a feed to get a bigger and better display next year

#### Fruit

- Put straw around your strawberries to stop them touching bare earth and coming under attack from snails
- Put pheromone traps up in your fruit trees; apple trees need codling moth traps, while stone fruit need plum-fruit moth traps

## WILD ABOUT BOSWORTH

### Blue Tit *Cyanistes Caeruleus*

We are all familiar with these colourful little birds that visit our gardens and feeders. Though there were 3.4 million territories in 2016, population numbers are variable and heavily dependent on the spring crop of caterpillars. If the timing of this high protein food source changes due to climate change, fewer chicks will manage to fledge. As it is, with predation, currently only around a third of youngsters reach adulthood.

Surprisingly, in the past, gardeners didn't appreciate the good blue tits do in controlling insect populations. In 1788 Gilbert White noted that twenty birds a day were being caught in mousetraps baited with suet.

They begin nesting in April/May when the female lays a clutch of eight to twelve eggs. She incubates the eggs for around fourteen days and if she's lucky the male occasionally deigns to bring her some food. After hatching, both parents tackle the Herculean task of raising their offspring. Let's do the maths... chicks can eat 100 caterpillars a day. Given a brood of ten demanding mouths, for 20 or so days, that's 20,000 meals! And don't forget the removal of 20,000 faecal sacks...

They are clever, opportunist little birds. Those of us of a certain age will remember when milk was delivered to our doorsteps, and blue tits learnt to peck through the foil tops to partake of the cream. This behaviour emerged in Southampton in 1920 and slowly spread across the country as birds learnt the trick from their neighbours.

For many years, biologists wondered how female blue tits select a mate. Recently, they discovered the answer lies in their ability to see ultraviolet light, a trait they share with many birds. Male blue tits sport a crown which reflects UV light. And, as is often the way, the ladies are attracted to the flashiest stud!

## SCOUTING FOR BOSWORTH

1st Kilworth Scouts will be holding a book sale at the Scout Hut on Saturday, May 7<sup>th</sup>, to raise funds for the British Red Cross in Ukraine. If you'd like to donate books for this sale, you can either drop them off at 1a Hunter's Close or email: [kilworthscouts@gmail.com](mailto:kilworthscouts@gmail.com) to arrange a collection.

Otherwise, come along on the day, browse the many books for sale, and have a piece of cake and cup of tea or coffee to go along with your new read.

Beavers, Cubs, and Scouts also took part in Mucky March litter picks in their villages. Our older Cubs have taken part in a Sixers and Seconders Camp at Ullesthorpe, which is geared toward getting them ready to move up to Scouts, and this term our Beavers have been working on an assortment of badges, including Safety, Global Issues, Health and Fitness, Collector and/or Hobbies, Creative, and ticking over on challenge badges.

Again, if any of you would like to get involved in any capacity and volunteer your time for a good cause, please get in touch.

## BYGONE BOSWORTH

*Images from the Historical Society's Archive Collection*

This picture was a bit of a puzzle when we first put it up on the Historical Society Facebook page a while back... It was taken by David Kennedy, who was visiting friends in Bosworth in May 1983 and was in a series of views of the village, so it was assumed to be Bosworth. David had annotated it at the time as 'Bosworth Police Station - police horse'.

Now, we know that there was a police house, when we had our own police force in the village, in Bell Lane. The house is now a private dwelling and is much altered, so it was difficult to place the horse picture there, and anyway we couldn't see Bosworth warranting a police horse, crowd control rarely being an issue here...

Anyway, the picture generated some interest and eventually Carole Lister, confirmed, upon interrogation, that it was her daughter, Heidi's pony, Brandy, and he was indeed tethered on the rough ground in front of the police house, just up the road from their home on Bell Lane.

The police house was sold in the 1960s when Bosworth lost its police force and has been much altered since, with changes to the frontage and different windows.

One of the comments to the original Facebook post noted that the front of the building was the police office, and apparently, what appears to be a small window on the very left of the photo was actually a recess containing a telephone, which the public could use to summon assistance out of hours in an emergency! How times have changed...

## SULBY HALL

This new book by Elizabeth Taylor, covers the history of Sulby Hall and its residents from the creation of the building by the famous architect John Soane to its demolition over 150 years later.

The book will be of interest to both garden and local historians and to anyone interested in the Sulby area. It contains a wealth of previously unpublished research, using primary source documents, on the history of Sulby Hall, the people who lived and worked there, the pleasure grounds and the walled kitchen garden.

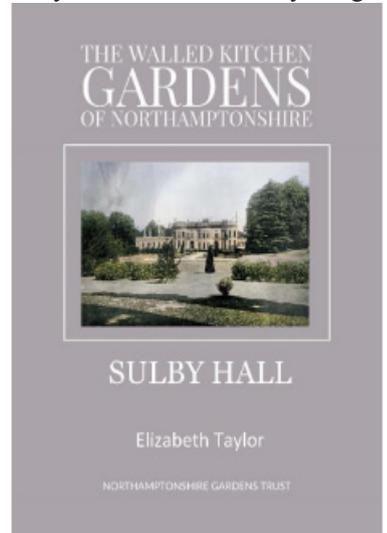

The book also contains information about the often colourful owners of the Hall throughout the eighteenth and nineteenth centuries and is beautifully illustrated with many images from a number of private collections.

This is the second publication by the Northamptonshire Gardens Trust and expands on the history of the walled kitchen garden by providing a comprehensive history of the Hall for which it was created.

Hardback 110 pages. Over 120 illustrations in black and white and colour. Limited print run. Price: £18.00 (cheque, cash or bank transfer)

P&P: £4.00

A book launch will take place at The Gliding Centre, Husbands Bosworth Airfield, LE17 6JJ on Saturday 14<sup>th</sup> May at 2.00pm, further details of which will be advertised on the Northamptonshire Gardens Trust website: [www.northamptonshiregardentrust.org](http://www.northamptonshiregardentrust.org) and the Welford and Sulby Historical Society Facebook page.

# MORE BOSWORTH IN FOCUS

## AT HOME IN BOSWORTH

**Sole Agency:** An exclusivity agreement, tying you into using only one agency for 12 weeks. Sell within this time, even if the agency didn't find the buyer, and you have to pay the agent a fee.

Your chosen agency has a good incentive to find a buyer, as the clock is ticking, and they will have accrued costs which will be lost if they can't secure a buyer and they don't get paid if they don't sell.

Because they are not competing with others they are likely to agree to a lower fee than for a joint or multi-agency agreement.

**Joint Sole Agency:** Two agencies market your property and agree to share the commission, with a greater share going to whichever company secures the sale.

This setup might be appropriate when selling a very high-value property, when the vendor may choose to appoint a local agency and a high-end national agency with a wider market. (For a conventional property it's not worth doing in my view.)

A potential pitfall of a Joint Sole Agency is that both agencies will receive commission whether they find the buyer or not, which can cause an incentive problem.

**Multi-Agency:** Two or more agents compete to sell your property. Only the winner gets paid. Commission may be double what you would have paid a Sole Agent.

Agents want this higher commission to offset the risk of not selling your home after carrying out a lot of work. The risk here is that you'll have quite a frantic selling process, with fast-tracked viewings and agents doing their best to encourage offers, which may be lower than you would like.

It can also give the impression that you're desperate to sell, which again can lead to buyers making lower offers.

## HISTORICAL SOCIETY

The Historical Society Open Evening in April was well supported and hopefully paves the way for resuming full meetings in the autumn.

We hope to restart meetings in our old format, from October, meeting on the first Wednesday of each month through to April, with speakers on subjects of local historical interest.

In the meantime, we have managed to re-arrange our cancelled visit from 2020 to John Taylor's Bell Foundry in Loughborough for Wednesday, June 8<sup>th</sup>. This will be a guided tour of the active foundry, the only bell foundry still operating in Britain, and the Bell Museum. We are opening up this visit to non-members and friends, but numbers are limited to 30. The cost is £12.50. (Concessions: £10.50) Please call Jackie on 880910 for details.

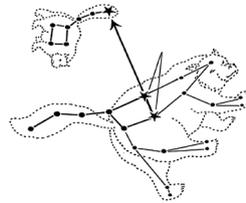

## BOSWORTH SKY AT NIGHT

### Astronomy from your Backyard

This month we look at *Ursa Major* (the Great Bear).

The star chart shows the brightest stars in *Ursa Major* as seen by the naked eye. The stars in the top left on the star chart make out a shape known as The Plough or The Big Dipper.

From the star diagram (below) two of the stars in the Plough asterism point to the Pole Star located at the end of the tail of *Ursa Minor* (the Little Bear), looking in the direction of

Leicester. The Pole Star, or *Polaris*, is a somewhat overrated star; not particularly bright at magnitude 2. However, it is important for its position in the sky, almost directly over the North Pole. As the Earth spins on its axis it appears that all the stars and planets on the celestial sphere rotate around this fixed point in the sky, which was important for ocean navigation before the modern era.

On May 16<sup>th</sup> there will be an eclipse of the moon, when the earth blocks sunlight hitting the moon's surface. Unfortunately for us the moon will set in the direction of North Kilworth soon after the eclipse becomes total, so we will only see the partial phase with the moon low in the sky, just above the western horizon. The partial eclipse starts at 3.29am, with total eclipse at 4.30am when the moon is hugging the horizon as it sets. Imagine what is happening on the moon though during the eclipse; searing heat on its surface suddenly changes to extreme cold as the Earth blocks out the sun!

*Next month, June - a twilight sky and noctilucent clouds*

## VILLAGE LUNCH

The next Village Lunch will be on Thursday, May 26<sup>th</sup> at Kilworth Springs Golf Club, South Kilworth Road, North Kilworth. We meet at 12.30pm to eat at 1.00pm.

The Village Lunch is a great place for those new to the area, retired or living alone to catch up with old friends and all the gossip, and make new friends in a warm and friendly atmosphere.

The cost of the two-course meal, including tea/coffee and mints is £11.00 per person.

Please note: To make Janice's life easier payment by cash is preferred! (*We customarily take a tip at the table!*)

Please call Janice on 880668 if you would like to book a place, to arrange transport to the venue or for any more information.

# CHURCH NEWS

All Saints Parish Church & St. Mary's Roman Catholic Church

## ALL SAINTS CHURCH NEWS

### This Life-Giving, Holy and Terrible Sign

Joceline of Furness, a 12<sup>th</sup> century monk, used the phrase '...*this life-giving, holy and terrible sign*' to describe the cross of Christ. Often we can become so familiar with something, that it ceases to have an impact upon us - it can become like wallpaper - always there, never seen. So I thought I would unpack Joceline's phrase, so maybe the Easter cross might once again make its impact.

**Life-Giving** There is a great paradox in that the cross, the Roman instrument of torture and execution, now becomes a source of life and healing. That which was designed to destroy life becomes God's means of giving us eternal life... Don't you love the way God works?

**Holy** The cross is the instrument by which God both showed us the awful enormity of our sin - this is what sin leads to. But it was also his means for dealing with our sin, once and for all. After the cross there is only one kind of sin in the world - forgiven sin. We are invited to accept this forgiveness, freely offered to all. We take off our shoes, we fall on our faces, we realize that we are standing on sacred ground.

**Terrible** Used by Joceline as its old-fashioned meaning of 'that which inspires awe, of great seriousness or extreme'. If the cross doesn't stop you in your tracks, then you haven't understood it. There is a reason why Christians pray before a cross.

Joceline penned these words about the cross as a remark about the many stone crosses erected by the Celtic monk, St. Kentigern, wherever he went, "...so the enemies of the human race, the powers of darkness of this world, melting away in terror before this sign, might disappear and in terror and confusion might be banished far away."

Constantine the Great, on the eve of a battle he expected to lose, saw a vision of a cross and heard a voice say, '*In hoc signo vinces*' - 'In this sign you will conquer'. He put the cross on his standard, he won the battle. The empire became Christian. In this life-giving, holy, and terrible sign you WILL conquer.

## ST. MARY'S NEWS

Thanks to all who supported the Liturgies at St. Mary's during Holy Week and to all who helped with the preparation, the flower arrangers, servers, musicians and readers. It was the first time in recent years that the *Triduum* had been celebrated fully at St. Mary's and it was wonderful to have a large congregation each day, and a full house on Good Friday. We also welcomed three new members into the community of the Catholic Church.

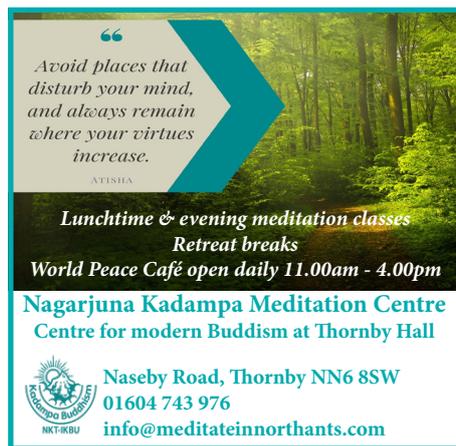

We continue to celebrate Mass every Sunday at 11.00am, which is well supported. Everyone is welcome to join us. We usually meet for coffee after Mass, either at the Gliding Centre or the Stables at Kilworth. We are pleased to announce that Henry Avery has agreed to take on the role of Safeguarding Officer.
